

FILM FESTIVAL

PROGRAMME 2015

A Women-Behind-the-Camera Film Festival

SAGA, Stockholm International Womens' Film Festival, is a weekend film festival that celebrates the women-behind-the-camera films from all over the world.

Women-behind-camera films refer mainly to films that have women as directors, producers, writers, cinematographers or composers. Such films constitute a largely underrepresented category of films available to the public.

A celebration of gender equality, ethnic diversity, and art!
